SCOPE AND TOPICS

SIE-2022, the 53rd Annual Meeting of the Associazione Società Italiana di Elettronica (SIE), will be held in Pizzo (W), Italy, from September 7 to 9, 2022. An International Graduate School for PhD students in Electronics is also organized by SIE and will be held before the meeting, from September 5 to 7, 2022. The SIE-2022 Annual Meeting will include invited lectures involving experts on state-of-the-art topics, oral sessions, round tables, video presentations, with the goal of complementing the regular program with emerging topics of particular interest to the Italian and European Electronics community.

Two typologies of two-page abstracts can be submitted: *standard contributions* without significant novel results or *original contributions* with significant novel results. Authors of selected original contributions will be proposed to submit an extended version to IEEE Access and, in case of acceptance, SIE will cover the publication fee.
